DUI Crackdown Results In 685 Arrests

By KIMBERLEY SANDER

Los Angeles County - Summer time provides much cause for celebration. From the excitement of being out of school and family vacations to the 4th of July and Labor Day holidays, summer can also be one of the deadliest times of year because of too much "celebrating".

The CDC (Centers for Disease Control and Prevention) states that 30 people die every day in

motor vehicle accidents involving alcohol-impaired drivers, and that's just in the United States.

This past Independence Day weekend, law enforcement banded together to remove dangerous drivers from the highways before lives were lost. From 12:01 a.m. on Thurs., July 4 through midnight on Sun., July 7, Anti-DUI deployments and routine traffic stops helped to make our communities safer.

According to a LA County

Sheriff news release, officers representing 100 county law enforcement agencies arrested 685 individuals driving under the influence of drugs or alcohol. This is up nearly 27% from last year.

The report also stated that more Anti-DUI deployments will be in effect in Los Angeles County during the 18-day

The Plaza Opening In Diamond Bar

By ANDREW HOOVER

Diamond Bar - The Petsmart that used to reside off Golden Springs Dr. in Diamond Bar has had an overhaul and is now the home of an indoor shopping plaza.

The Plaza at Diamond Creek is the name of the new indoor mall consisting of 19 different indoor suites. The plaza is still undergoing the leasing process

with vendors, but so far, residents and customers can look forward to two new Women's Fashion stores, four Japanese Sushi restaurants, a crepe and frozen yogurt store, and a sports store with a large focus on golf and golf accessories.

The whole project costs an estimated 2.5 million dollars to

Board Votes To Support Federal Preschool Plan

STAFF REPORTS

LA County - The Los Angeles County Board of Supervisors voted at the Tuesday, July 9 meeting to support a federal plan to invest \$75 billion in early childhood education.

The vote was 3-2 with Super-

visors Don Knabe and Michael Antonovich casting the dissenting votes.

Reports state that California could receive up to \$335 million in preschool funding during the plan's first year. State matching funds are required under the plan.

A recommendation was originally submitted by Supervisor Mark Ridley-Thomas that suggested the Board send a letter to President Barack Obama and congressional leaders in support

Approved Life Saving Medication Legislation

NEWS RELEASE

Sacramento - The Assembly Business Professions & Consumer Protection Committee took unanimous action to approve legislation authored by Senate Republican Leader Bob Huff (R-Diamond Bar) that will better protect children and adults

who suffer from serious and potentially life-threatening allergies. SB 669 enables California to join a growing group of states that provide training in the proper use of emergency epinephrine auto-injectors - otherwise known as EpiPens - by making these auto-injectors available by prescription to individuals who have

successfully completed specified training and certification.

Furthermore, the Huff legislation will allow properly trained volunteers to administer EpiPens on children or adults who suffer a potentially fatal anaphylaxis

Students Awarded Gilman International Scholarships

Mt. SAC RELEASE

Walnut - Four Mt. San Antonio College students have recently been awarded prestigious Benjamin A. Gilman International Scholarships sponsored by the U.S. Department of State.

Arianna Rivera (La Puente), Blanca Flores (La Puente),

Elizabeth Gutierrez (Montclair), and Jared Morales (Covina) were awarded the scholarships, which will allow them to participate in a study abroad program in England for the fall 2013 semester. Rivera and Flores received \$4,500 scholarships, while Gutierrez and Morales received \$3,000 in scholarship

funds.

The students will attend classes in London where they will study British culture, philosophy, literature, and art as participants in the Southern California Foothills Consortium for Study Abroad, a cooperative venture among area community colleges.

Rivera is an art history major and plans to become a museum curator. Flores is a physical therapy major and plans to become a sports physical therapist or doctor. Gutierrez is a medical allied field major and plans to become a radiologist. Morales is also a medical allied field major

and plans to become a physician assistant.

The Gilman Scholarship program provides under-represented students and students of limited financial means with the opportunity to participate in study abroad programs throughout the world. Seven hundred undergraduate students from 270 colleges and universities across the U. S. received Gilman Scholarships this year.

Mt. SAC also will offer upcoming study abroad programs in Taiwan (international business), Hawaii (geology and astronomy), and Spain during the winter and next spring.

Lanes Will Close On 60 Freeway

STAFF REPORTS

Rowland Heights – Three lanes of the 60 freeway will be closed in July and August starting this weekend.

Caltrans have recently issued a press release stating that the Pomona freeway (SR-60) will be closed periodically for pavement rehabilitation work between Fullerton Rd. and Nogales St. The "55 Hour Weekend Lane Closure" as Caltrans are calling it, states that on the weekends of July 12, July 26, August 9, and August 23, up to three lanes will be closed for maintenance.

The roads will be under construction due to the heavy weight of cars and trucks over time, requiring a more than two feet deep replacement of pavement and concrete base. Caltrans say the new surface will provide a smooth, safer drive for motorists, reduce time required for maintenance and minimize the need for further lane closures. Work is expected to be complete in late 2014.

During the following weekends, Caltrans will replace the No. 3 and No. 4 lanes of the westbound SR-60 freeway between the Fullerton Rd. and Nogales St. exits. Additional closures for the weekend:

From Fri., July 12 at 10 p.m. to Mon., July 15 at 5 a.m., three lanes of the westbound SR-60 will

be closed; northbound SR-57 to westbound SR-60 connector will be closed; and the following on-ramps: Brea Canyon Rd., Fairway Dr., Nogales St., and Fullerton Rd. will also be closed. At midnight on Friday, only the car-pool lane will be open to all vehicles. Some lanes will reopen at 10 p.m. on Saturday and all lanes will reopen at 5 a.m. on Monday.

From Fri., July 26 at 10 am to Mon., July 29 at 5 a.m., two lanes of the westbound SR-60 will be closed and the northbound SR-57 to westbound SR-60 connector road will be closed. The same on-ramps will be also closed: Brea Canyon Rd., Fairway Dr., Nogales St., and Fullerton Rd. From midnight on Friday until 5 a.m. on Saturday, all westbound

lanes will be closed. Some lanes will reopen on Saturday, but all lanes will be closed again at midnight on Sunday until Monday at 5 a.m.

During the following weekends, Caltrans will replace the No. 3 and No. 4 eastbound SR-60 lanes between the same two exits. Closures for these weekends include:

From Fri., Aug. 9 at 10 p.m. to Mon., Aug. 12 at 5 a.m., three lanes of the eastbound 60 will be closed and the following on-ramps will be closed: Hacienda Blvd., Azusa Ave., Fullerton Rd., and south Nogales St. The following off-ramps will also be closed: Fullerton Rd. and Nogales St.

From Fri., Aug. 23 at 10 p.m.

to Mon., Aug. 26 at 5 a.m., the same on-ramps will be closed: Hacienda Boulevard, Azusa Ave., Fullerton Rd., and south Nogales St. and the same off-ramps will also be closed: Fullerton Rd. and Nogales St. However, the SR-57 and SR-60 connector will remain open.

Caltrans recommend planning a different route using their map

app at quickmap.dot.ca.gov/. If you know you will be traveling on the 60 freeway during the construction, Caltrans encourage you to bring water, snacks, medications, and entertainment for children because the delay is expected to be long.

If you have any further questions, please contact Public Affairs at (213) 897-3656.

Crime Recap

STAFF REPORTS

SGV - This week's crime involves a broken water main, a crash in Hacienda Heights that knocked down power lines, a Community Club Treasurer that pleaded no contest, a man convicted of torching a church, as well as several other crashes in the Walnut-Diamond Bar area.

On July 3, an aircraft component manufacturing company was badly damaged by a broken water main. At around 6 a.m., the water main burst and flooded into the large concrete building causing it's employees to evacuate. Once firefighters made it inside, they made sure to get all com-

puters and private documents to safety to protect any crucial business information from being destroyed in the flood.

On July 4, a pickup truck crashed into a power pole on Gale Ave. knocking live wires onto the roadway. However, the crash did not knock out power in the area.

Two accidents occurred on July 5. The first accident occurred on the 60 freeway where a big rig hit the center divider causing it to go over the side and spill its contents all over the lanes on the westbound 60 freeway. The cause of the accident has not been immediately released yet.

The second accident led to

the death of a Walnut man who was a passenger in a SUV that veered off the road onto the pavement, then dirt and subsequently overturned. The man was identified as Pinagpala Ojastro, 68, who was pronounced dead at the Inland Valley Regional Medical Center in Wildomar.

On July 7, another car crash was reported on Valley Blvd in City of Industry. One person was injured in the crash, but their name and status have not yet been released.

On July 9, Gregory Yusuke Shiga, 35, was convicted of torching St. John Vianney Catholic Church in Hacienda Heights. Shiga caused an estimated 9 million dollars in damage when he set the church ablaze just after

midnight on April 16. Shiga will return before the judge on July 19 and is facing life in prison.

On the night of April 16, Shiga broke into the church's sanctuary where he saturated rolls of toilet paper with a flammable material and also used a device to cover the structures walls and ceilings in an accelerant. Shiga was finally arrested after a yearlong investigation by police and the FBI.

On July 10, a former Community Club treasurer that was charged with grand theft and forgery has pleaded no contest to her charges and will return to court Oct 23 for sentencing.

Lisa May also known as Lisa Haygood, 55, was previously a volunteer as Castle Rock's

Community Club treasurer. An investigation had determined that May took \$39,651 from the Community Club's fund by forging checks numerous times. The release stated that the theft occurred over a 6 year period and was discovered in June of 2011. Detectives sifted through a paper trail of bank records, checks and receipts which culminated in the case being presented to the D.A. for filing consideration.

Detectives from Walnut/Diamond Bar Station filed a felony complaint with the District Attorney charging May with six felony counts of Grand Theft and Forgery. A felony warrant was issued for May's arrest and she was taken into custody on March 5, 2013.

Local Students Awarded Degrees

STAFF REPORTS

Diamond Bar - Two Diamond Bar residents were recently awarded degrees from Fort Hays State University in Hays,

Kansas.

Louis Lee and Warren Lee are among the 2,080 students who completed requirements for associate, bachelor and graduate degrees during the spring 2013

semester at Fort Hays State University.

Louis Lee studied business management at Fort Hays and received a Bachelor of General Studies. Warren Lee also stud-

ied business management and received a Bachelor of General Studies as well. Congratulations to our local college graduates!

Fort Hays State University was founded in 1902. Fort Hays

is one of six state-assisted Regents universities in Kansas. Enrollment is about 14,000 in its four academic college units, both on campus and through the university's Virtual College.

Mt. SAC Fall Registration Begins July 16

MT. SAC RELEASE

Walnut - Online registration for Mt. San Antonio College's fall semester credit classes begins July 16. Classes begin on Monday, Aug. 26.

New and continuing credit

students must register for classes online at my.mtsac.edu. New students must also submit an admission application online. For students who do not have computer access, computers and assistance are available in the Student Services Center

during business hours. The Admissions Office is open Monday through Thursday, 8 a.m. to 7 p.m.

Before registering, new students are required to activate their personal Mt. SAC portal account at the same website,

which provides set-up instructions. Students will be able to view a registration date and time in their portal account and will not be allowed to register before their assigned time. New students must also contact the Counseling Department to sign up for the required orientation session before registering for classes. For more information about required

orientation sessions, call the Mt. SAC Counseling Department at (909) 274-4380.

The enrollment fee is \$46 per unit for California residents, and all fees are due upon registration.

For more registration information, call the Mt. SAC Admissions & Records Office at (909) 274-4415, or visit www.mtsac.edu.

"Sell Your Casa" with Gil Rivera

GIL from page 1

affordable Realtor, Broker, and Certified Appraiser.

Rivera sells houses, condos, and 2-4 unit investment properties in Los Angeles, Orange, San Bernardino and Riverside Counties. He also does real estate appraisals for banks, estates, trusts, divorces, attorneys, refinances, home purchases, and upon death of a homeowner for tax purposes. Rivera also has assistants that work with him who are fluent in Spanish and Chinese, which helps him to reach people of different dialects all over Southern California.

Rivera is in his 20th year of business and has SOLD homes in 26 different cities in Southern California, so his coverage area is expansive. Rivera said, "I can do this because I appraise homes in so many different cities and have the knowledge and expertise associated with your marketplace. Give me an opportunity and you will surely be happy you did!" In Feb. 2013, Rivera listed a home in Monterey Park worth \$470,000. Rivera received 53 offers in 7 days and SOLD it for \$515,000!

Rivera's philosophy is to "treat my clients the way I want to be treated." In fact, Rivera said that he became a Realtor because he did not like the way his Realtor treated him when he was buying his home. Rivera shows respect for his clients at all times. He listens to what they say, so that he can better serve them.

Rivera also does not push his buyers into a sale. Rivera said,

"I always tell buyers: 'You will know right away when we walk into the house that's meant for you.' Whether it takes a week or months, my buyers will always be satisfied with their purchase and never pressured into it."

Rivera's Sellers love the fact that he offers a discounted commission, but with full service! Rivera offers a 4% Total Commission for Sellers. This includes 2.5% to the Buyer's Agent and 1.5% to Rivera's office. Most Realtors negotiate a 6% commission because they have to split the fees with their brokerage. But, Rivera passes on the savings to the Seller. This will save Sellers thousands of dollars in commission fees. His team offers full service for that discounted rate including high quality flyers, professional photos, open houses (as allowable by Seller), and extended advertising coverage on the Internet and social media.

Rivera's current promotion is "We will SELL your house in 6 weeks at highest value! We only request a listing period of 6 weeks, while most other Realtors ask for 6 month listings." Rivera says that "Buyers need to know

that they do not need to pay their Realtor any fees for representing them on a purchase. The Buyer's agent is paid by the Seller, not the Buyer.

Rivera absolutely loves what he does. He loves selling homes to Buyers because he helps fulfill their dreams of home ownership. His favorite part of selling homes to Buyers is transferring the keys to excited Buyers. Rivera loves selling homes for Sellers because he enjoys the uniqueness that each property offers and selling the positive attributes of the home. Rivera says, "Many agents spend their time showing houses....I SELL them!"

Check out Rivera's website at www.SellYourCasa.com to see how many different cities Rivera has sold in and for additional information about Rivera's company. You can also call the toll free number at 1-877-888-SOLD (7653) or cell phone numbers 909-967-4525 and 626-340-9950. Call today for a free market evaluation!

Health Career Students Win Silver and Gold at Nationals

Mt. SAC RELEASE

Walnut - Mt. San Antonio College health career students recently won four gold medals and four silver medals at the Health Occupation Students of America (HOSA) national competition in Nashville, TN. More than 5,200 secondary and post-secondary students competed in 56 different health-related events at the national leadership event held June 26-30.

Arnold Brown (Ontario), Gabriela Franco (Hesperia), Cecily French (Pomona), and Irma Macias (Azusa) all won gold medals in the biomedical debate competition.

Han Duong (West Covina), Stephanie Gonzalez (La Puente), Amanda Repato (Corona), and Tenique Silcott (Fontana) all won silver medals in the biomedical debate event.

Teammates Michelle Alejandro (Pomona), Darlene Cabrera (Rowland Heights), Deborah Delgado (Upland), and Bryan Everage (Pomona) placed fourth in the creative problem solving competition. Peria Borrayo (Ontario), Jeremy Kurkowski (Chino Hills), Blanca Tovar-Garcia (Pomona), and Laura Wroth (Chino)

placed fifth in the creative problem solving event.

"We had 16 competitors this year, and all 16 ranked nationally as finalists. That is quite an

achievement," said Mt. SAC psychiatric technician professor and HOSA advisor Mary Ellen Reyes. "Being involved in and competing in HOSA is a life-changing

experience for students."

HOSA, established in 1976 by the U.S. Department of Education, is the national organization for secondary and post-second-

ary health career students. The organization provides students in 40 states with skills, leadership development, and career development.

Approved life saving medication legislation

SAVING from page 1

allergic reaction, without facing civil liability for trying to save a life.

“Current law does not give people the tools to save the life of someone dying from an allergic reaction,” said Senator Huff. “This was once a problem for school nurses, who could do nothing for students suffocating

from a severe allergic reaction because the student had not been prescribed medication. Recent legislation has corrected this problem. But further correction is needed. What happens to those kids who aren't on school grounds?”

EpiPens, though intended for use by lay consumers, require a prescription. Presently, epinephrine auto-injectors can only be used by the person for whom it

is prescribed on him or herself. If given by anyone else, outside of a physician's direction, it is illegal, and subjects even a Good Samaritan rescuer to civil and criminal liability exposure.

According to recent medical studies, anaphylaxis allergic reactions are responsible for 1,500 deaths a year in the United States. It's estimated that six million children in the United States suffer from allergies. Anaphylaxis

is a pervasive lethal threat, both to those with known allergies and those who suddenly become sensitized to a substance – be it a simple bee sting, ingestion of shell fish or coming in contact with peanuts.

“The purpose of SB 669 is to increase the chances that if a person suffers a life-threatening allergic reaction, there will be someone close by with medication to save their life,” said Sena-

tor Huff.

SB 669 has earned the support of Food Allergy Research & Education (FARE), the nation's leading organization advocating for people with food allergies and their families, in addition to the California Medical Association.

Senator Huff serves as the Senate Republican Leader and represents the 29th Senate District covering portions of Los Angeles, Orange and San Bernardino Counties. Follow Senator Huff on Twitter at @bobhuff99.

Straight Talk With Danice

DEAR DR. AKIYOSHI,

I have bad anxiety. It seems to get worse each year. I am so embarrassed to admit all the things that scare me now. How did this happen to me? I used to be active and normal. Do you think you can help me?

Pam
Dear Pam,
You have a lot of company out in the world when it comes to anxiety. This is a complex topic. Mental health professionals have a variety of opinions and ways to approach treatment for this condition. Perhaps you are not interested in pharmaceutical products or traditional styles of therapy, since you are writing to a Naturopath/Emotional Release practitioner, so I will tell you my thoughts.
In my practice, I offer a con-

versational coaching session, accompanied by an emotional release session. This takes about 50 minutes. This approach helps my patients neutralize and release their trapped or unprocessed emotions. The process is quite unique, and a full explanation in this column is not possible. If you are interested in learning more about emotional release sessions, please visit my web site at candidcoachingservices.com. I have assisted many people with anxiety over the

years, so yes; I do believe I can help you if you are truly ready to move forward and reclaim your former sense of well being.

If the natural approach is not what you're looking for, then see your medical doctor for advice, treatment, and a possible referral to a mental health practitioner. I wish you luck in finding the right course of action.

I'm pulling for you, Pam. Good Luck.

The Birds Are Back

BY MARK HOPPER

We have two bird's nest at our house this summer. One nest is on a beam in our back patio. The other nest is hidden in our lemon tree outside our kitchen window.

We love watching the birds as they build their nests, sit on their eggs and busily feed their new born chicks. They work so hard from dawn until sun down. I wonder if they ever rest.

It reminds me of how hard young parents work to care for and raise their families. I have often said that no one works harder than a mother with young children. They rarely get any rest either.

If there are any young children at your home, this is a special season in your life. They won't stay young for very long. Pretty soon they become teenagers. And, the older kids get, the more expensive they get, too!

Young parents are so busy just raising a family that they don't always get to enjoy this season of life. If you have young children at your house, don't get so busy that

you miss these special times.

Make sure that you make some plans for a vacation with your kids this summer. If your budget is tight, maybe you need to plan a "stay-cation".

Find some fun things to do with your family this summer. Make some memories that you and your family will share in the months and years ahead.

The bird's nests at our house

will be empty soon. One day your children will have grown up and your house will be empty, too.

Enjoy this season in your life. You will be glad you did! Pastor Mark Hopper Evangelical Free Church of Diamond Bar 3255 South Diamond Bar Blvd. (909) 594-7604.

Focusing On The Good In Your Life

BY NANCY STOOPS

We all have stories about our imperfect lives and childhoods. Many of us have survived tragedy and horrific events. There are many times where life seems to test us and just feels very hard and overwhelming. These are the times where we have a hard time seeing all the good we have in our lives.

I believe with each new day,

we have another chance at happiness and finding the good in this life.

So take a minute or two when reading this article and think about all the things that are very good in your life. Do you have people that you love and love you? Do you

have a family? Do you a job, a roof over your head, and food to eat? Do you have a best friend that would do anything for you? Are you here today reading this article, which would mean you are still alive? If you answer yes to these questions then there is still hope for you. You see just right now you have been able to see the good in your life. Wow, look how lucky we are and all we have done is focus on the good

in our lives.

Alright, so maybe you have a very different life than you had planned. Our lives very rarely work out as planned and many times end up even better. Think about all that you have been able to do and become and all the people you have been able to influence in a good way. I think if we focus on the good in our lives, we can't help but grow into who we are intended to be. When we become who we are intended to be, our lives just don't

get any better and each day is heavenly!

acts on a child under 14 with a sentencing enhancement for sex crimes against multiple victims. He was previously charged for Jane Doe #1 with three felony counts of aggravated sexual assault of a child and three felony counts of forcible lewd acts on a child under 14. Anast is also charged with one felony count of possession and control of child pornography.

If convicted on all counts, he now faces a maximum sentence of 78 years to life in state

prison and mandatory lifetime sex offender registration. The defendant is being held on \$1 million bail.

Between Nov. 2, 1997, and Nov. 1, 2000, Anast is accused of sexually assaulting his female relative, Jane Doe #1, by forcibly digitally penetrating the victim on at least four different occasions in three different locations including Garden Grove and Stanton. The victim was 11 years old in 1997.

In May 2013, Jane Doe #1 contacted the Orange County Sheriff's Department to report

the sexual assaults. Anast was arrested at Disneyland, where he worked as a machinist fixing rides. In his home, Anast is accused of possessing several videos of child pornography on a computer data storage device, including several possibly-amateur images of young girls. Anast was charged with the sex crimes against Jane Doe #1 and for possession of child pornography on June 24, 2013.

The ongoing investigation resulted in the identification of Jane Doe #2. Between 1996 and 2000, Anast is accused of sexually assaulting the daughter of a family friend, Jane Doe

#2, beginning when she was 7 years old. The defendant is accused of molesting the victim on at least two occasions by rubbing her vaginal area at his home in Orange County and her home in Los Angeles County. The Orange County District Attorney's Office is prosecuting Anast for the crimes that occurred in both Orange and Los Angeles Counties.

The investigation is ongoing to identify the children depicted in images found in the defendant's computer. Anyone with additional information or who believes they have been a victim is encouraged to contact

Supervising District Attorney Investigator Paul Carvo at (714) 347-8794.

Anast's mandatory lifetime sex offender registration will bar him from entering County recreational areas and City parks which have passed the Sex Offender Ordinance. Visit www.orangecountyda.com to read the prior press releases on the County's Sex Offender Ordinance as well as the 14 other cities that have enacted the Child Safety Zone Ordinance.

Deputy District Attorney Bobby Taghavi of the Sexual Assault Unit is prosecuting this case.

Vision Arts: local artist creates valuable art

ART from page 1

heart.

Mathew Sanchez, creator of Vision Arts, expresses his creativity through every art piece, even if it's as simple as a portrait of relatives, friends, or a family pet.

For five years, Sanchez has been painting his thoughts, feelings and emotions on canvas. He decided to start Vision Arts to share his love of painting with others.

Mathew Sanchez recently won Pomona's Visual Artist of the Year at RAW Artists' RAWards last year. At the show, his artistic work was highlighted and he was awarded with the prestigious honor.

There were six categories involved in the RAWards, including visual art, fashion, photography, make-up, hair and music. Each nominee had their work

set up for an audience in-person vote and to be evaluated by a panel of qualified judges. The winners were picked for each category based off both the in-person vote and the judges' evaluations.

After winning in the Visual Arts category, Sanchez said, "I'm very thankful to have been voted Pomona's Visual Artist of the Year. From this accomplishment, I'm inspired to continue my dream to becoming a well-known and respected artist throughout the world."

Vision Arts provides a variety of different art created by Sanchez himself. "Whether it's a special request or simply just a piece of art my client is interested in buying, my art drifts to many different items and types of art," says Sanchez.

Sanchez specializes in custom clocks, hand-painted vinyl figures, abstract paintings, scenery paintings, graphic design,

and black and white portraits. The portraits he paints aren't just pictures of people, they are black and white painted portraits with a few highlighting colors that convey an artistic spin.

Sanchez has also done spray-painted art, pen and pencil sketches, pop art, hand-painted skateboards and custom animation characters. Sanchez said he can paint on almost anything, if given the opportunity.

Painting is not only Sanchez's hobby, but it's his passion. "I love seeing my art put a smile on a customer's face. I take every painting or project to its fullest potential. So when my customers are happy, it's a very rewarding feeling," says Sanchez.

What separates Sanchez from other artists is his diversity of art and his ability to take special requests. "Most artists don't take requests, but I'm open to any project and am willing to work with my customers to achieve

their satisfaction."

Something really interesting about Sanchez is that he has never taken one art class in his life. All of his artwork is self-taught through observations and experimentation. "God blessed me with this gift and all I want to do is to show the world my thoughts and feelings as I splatter them on a fresh white canvas."

To introduce his vision of art, Vision Arts is selling black and

white clocks for \$40 (originally \$60). Pick your favorite celebrity, character, or picture and have a one-of-a-kind custom clock painted for only \$40.

Visit Sanchez's website at www.matsanchez.com, his Instagram: @visionarts, or his ad on page 11 to see more samples of his work. For more information or for a custom work, you can email Sanchez at Matartistic7@yahoo.com.

DUI crackdown results in 685 arrests

DUI from page 1

Summer Campaign, from mid August through Labor Day Weekend.

You can help law enforcement by calling 9-1-1 to report a drunk or dangerous driver, and remember safety limits and other considerations like designated drivers when you are celebrating.

Ultimately, a taxi is substantially less expensive, in many ways, than a DUI conviction.

The CDC also states that "the average person metabolizes alcohol at the rate of about one

drink per hour". Only time will sober you up. Drinking strong coffee or taking a cold shower is just a myth. If you are serving alcohol, serve your friends and family well by never serving an underage drinker. Providing plenty of food and cutting off alcoholic beverages at least

two hours before your party is over can make the difference in someone's life.

Don't become a DUI statistic. Be safe, and enjoy a wonderful summer.

For more information, visit www.Nixle.com or <http://www.cdc.gov/motorvehiclesafety>.

Motorcycle safety operation

SAFETY from page 1

will be cracking down on both those operating regular vehicles and motorcycles who are under the influence of drugs or alcohol, speeding, making illegal turns, or any other dangerous violation.

Motorcycle fatalities saw a phenomenal drop of 37 percent from 2008 to 2010, but rose nearly 18 percent in 2011. Operations like this are aimed at curbing any more rises in motorcycle deaths and sending the numbers back downward.

California collision data reveals that primary causes of motorcycle-involved crashes include speeding, unsafe turning and impairment due to alcohol and other drugs. The Moreno Valley Police Department is also reminding all motorists to always be alert and watch out for motorcycles, especially when turning and changing lanes.

As the economy turns upward, there will likely be more miles driven by all vehicles, plus more

novice motorcycle riders who are untrained and unable to handle the power of today's motorcycles. The message to all drivers and motorcyclists is: share in the responsibility and do your part by safely "sharing the road." Riders can get training through the California Motorcyclist Safety Program. Information and training locations are available at

www.CA-msp.org or 1-877 RIDE 411 or 1-877-743-3411.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration. For additional information the Moreno Valley Police Department Traffic Unit can be reached at (951) 486-6700.

Board votes to support Preschool plan

SUPPORT from page 1

of their plan to increase investments in universal preschool and early childhood education.

The meeting agenda stated that the letter was to state the Board's support for the President's early learning plan and encourage these policy makers to ensure flexibility so that local preschool programs can implement a Federally-sup-

ported preschool expansion plan. Supervisor Ridley-Thomas said that universal preschool and early learning programs were a priority and a strategic investment in our future. Ridley-Thomas also referred to studies that showed the importance of investing in early education and how it will result to lifetime success. He stated that not being enrolled in preschool or early education programs could result in consequences in

a child's long-term health and emotional well-being. In opposition, Supervisor Knabe stated his concerns regarding the plan, including where the money for such programs would come from and that the plan is unsustainable. He stated that the Los Angeles Universal Preschool was an example of a preschool program that was dependent on a declining revenue base.

Lots of Happy SELLERS & BUYERS

Bus Stop Signs Attract Buyers' Calls "Open Houses to Maximize Exposure of your Home!"

Gilbert,
We want to thank you for the very efficient and professional manner in how you handled the listing and sale of our daughter's townhouse in Hampton Court in Diamond Bar, CA. Your knowledge of the local market and your advice to us on the listing and sale procedures resulted in a successful sale. You are easy to do business with and we really appreciate your promptness in returning our calls whenever we had a question. We were also impressed with your using all the latest communication systems from FAX, cell phone, Texting, and E-mail to get the job done in a timely manner. This is our 3rd business experience with you including the purchase of Cheryl's condo in Ontario, Debbie's reappraisal of her townhouse, and now the sale of the townhouse. Obviously, we are very satisfied customers. Continued good luck with your real estate business in a very competitive environment. Hope we have the opportunity to cross trails again some day.

Sincerely, Al & Dorene M.
